Ask Calgary Power Co. to Complete Water Well in West End of the City

If By-Law Re Transfer of Utilities Is Adopted No Charge Will Be Made for Drilling, Otherwise City Will Pay—Ald. Scott Makes "Unconditional Surrender" in Favor of Power Company By-Law

A regular meeting of the City Council was held Tuesday evening, with all members in attendance.

After the adoption of the minutes of last regular and special meetings, A. W. Anderson addressed Council, claiming he should not be assessed for uncompleted building. The assessor will make an adjustment.

Aaron Peterson addressed Council on behalf of his sister, Mrs. Swanson, asking for relief. The matter will be considered by the Relief Committee.

Mr. Lennick appealed against assessment on residence, as it is not completed. Referred to assessor for adjustment.

A letter from the City Solicitor respecting Mrs. Van Heusen was read, suggesting that the police department make a thorough investigation into this case. Laid on the table until next meeting.

The City Solicitor reported on the Walker ditch, stating he could not get enough information to give advice. Mr. Curt Smith will be asked to produce agreement if he has one in his possession.

C. H. Russell, City Solicitor, wrote respecting a claim against Mrs. Johns and his proposed action. Mr. Russell's action was approved.

C. H. Russell, City Solicitor, submitted a report of his visit to officials of the Calgary Power Co. and the Board of Public Utilities. Received and filed.

C. H. Russell wrote respecting the case of Bunny Thompson, giving his legal opinion as to procedure to have him attend school. Referred to Police Department for immediate action.

The Department of Health wrote advising that a patient from Wetaskiwin had made application for treatment at the Sanatorium at Calgary. The nurse will be advised that her home is not in Wetaskiwin.

The Board of Public Utilities wrote with reference to a debenture of \$201 which had not been presented some years ago, when due. Council will pay same upon presentation at bank here. H. B. Hanson wrote respecting telephone calls at fire hall. Left with Police Committee for recommendation.

Smith-Gable Agencies wrote re claim of Carl Zing for accident, stating it had been settled by accident insurance company for \$51.00.

The matter of applying for gas rights around Wetaskiwin was referred to Utilities Committee to report to Council.

An assessment for car to Mrs. Caruthers was struck off the roll.

Jas. Henderson & Co. wrote explaining the financial statement of 1928, as per request of Council, which was received and filed.

The Chief of Police was instructed to collect licenses from certain persons who recently started trucking around town.

The following accounts were passed for payment: General, \$192.49; electric light, \$457.43; waterworks, \$167.33; supplementary, \$178.86.

Water and sewer connections were granted to properties of Angus Thompson.

A movement of British Columbia fire is to be started very soon for Churchill. Something like 600,000 feet is to be taken in over the Hudson Bay railway, to be used as frame work etc., in the harbor developments there. A previous shipment from British Columbia went by boat through the Panama canal and Hudson straits to Churchill.

Four Wetaskiwin Citizens in Serious Automobile Accident

Rev. and Mrs. Appelt met with a painful accident on Friday of last week. Mr. Gus Hay had kindly consented to motor Rev. Appelt to Yorkford. Owing to the snow and rain early in the week the roads beyond Brimley were very rough. Driving very carefully, Mr. Hay had just turned down the hill leading to South

BRANCH LINES NEEDED BEFORE COAST OUTLET

Edmonton, Sept. 28.—New branch lines must be constructed in the Peace River district before a coast outlet will be warranted, said E. W. Bagley, K.C., president of the Canadian Pacific Railway, when interviewed shortly after his arrival here from a tour of the Fort McMurray district with a party of directors and others on Friday afternoon.

"When the time arrives that a coast outlet is warranted, it will be provided, and it will be provided, because development will then have reached such a stage that its construction will not be a drain upon its owners. At the present time, more needed expenditures in that district must be made," declared Mr. Bagley.

RESIDENTS OF ROUNDHILL RENDER TRIBUTES TO PIONEER

Camrose, Sept. 30.—The funeral of the late Emil M. Bosman of Roundhill, Alta., Thursday afternoon was attended by a very large number of people. His death severed a link in the early history of the development of the Camrose district of Alberta.

For some time he had been in failing health, but his sudden death, due to heart failure on Tuesday morning, came as a great shock to a wide circle of friends. He was the oldest postmaster in active service in the province and in point of years, he was the oldest merchant in Alberta. Mr. Bosman was born in Antwerp, Belgium, 69 years ago.

Town Topics

R. W. Manley was in Edmonton last week on professional business.

Ralph McCall left Tuesday morning for Andrew, Alta., to accept a position with the C.P.R.

Miss Hazel Meyer of New Norway, was the guest of her sister, Mrs. F. Thorne, over the week-end.

The regular business meeting of the W.A. will be held at the home of Mrs. Wm. Barry on Tuesday, October 8th, at 4 p.m.

Mr. and Mrs. Geo. Beavo left Wednesday morning for Revelstoke, B.C., where they will spend their vacation visiting with relatives.

On Sunday a number of people assembled at the home of Mr. and Mrs. Henry Dewald, when a delightful time was spent in outdoor games, etc., until a late hour.

Mr. J. G. Weir of Brightview, left on Tuesday on an extended trip to Vancouver, Victoria, Seattle and other places. He expects to spend the winter in Washington.

Mr. and Mrs. Van Buskirk (nee Ada Bax) returned by motor to Kelso, Wash., after spending a few days as guests of Zita Wirt, incidentally visiting relatives and renewing acquaintances.

A large number of Royal Purples and Elks motored to Wetaskiwin on Monday last as guests of the Wetaskiwin Royal Purple lodge. A very enjoyable social evening was spent—Leduc Representative.

Mr. Axel Holm of Falun, had the misfortune to have his barn destroyed by fire on Sunday night. The fire was caused by a lantern and the building was a total loss, as well as a quantity of feed, etc. The loss is partly covered by insurance.

Mr. and Mrs. E. B. Chandler intend to leave on Saturday of this week, to spend the winter with relatives at Seattle and other points at the coast. It is the wish of his many friends, that this change will prove beneficial to Mr. Chandler's health, which has been poorly for some time.

Mr. and Mrs. L. E. Hauer of Wisconsin, who attended the annual Veterans Employees Convention of the Chicago, Milwaukee, St. Paul Railway at Seattle, Wash., visited at the hotel on Wednesday evening. The Grand Master, Bro. Shroeder, was present and gave a very interesting address on the work of the order. Refreshments were served and a very profitable time was spent.

A number of the members of Wetaskiwin Lodge No. 3, I.O.O.F., attended the Oddfellows' district meeting at Millet on Wednesday evening. The Grand Master, Bro. Shroeder, was present and gave a very interesting address on the work of the order. Refreshments were served and a very profitable time was spent.

While returning from Wetaskiwin to his home at Brightview a few evenings ago, Paul E. Leichert was run into by a car driven by Mr. Roberts of Falun. The front part of the car was considerably damaged, and the windshield was broken. The horses commenced to run away, and were soon tangled up in a telephone pole. Mr. Leichert was thrown into the air, and his head struck the heavy glass. Mrs. Appelt, who was sitting in the back seat, was hurled against the top of the sedan, sustaining a severe gash in the top of her head. Mr. Hay received minor injuries, and the baby, which was found wedged between two sharp projecting pieces of glass, was uninjured, except for a sprained ankle. Fortunately help was soon secured by Mr. Hay and the injured were taken to Wetaskiwin hospital, where they were attended to by Dr. Shillabeer. It was found that Mrs. Appelt was most severely injured, the gash in her head necessitating ten stitches, and she had lost a great deal of blood owing to a severed artery. Rev. Appelt's nose was broken and he had received numerous cuts and bruises about the face and body. Mrs. Appelt was forced to stay in the hospital until Sunday.

Mr. and Mrs. Appelt desire us to convey their heartfelt thanks to all who have so kindly offered and given help at the time and since the accident, especially the gentlemen who kindly motored them to Wetaskiwin.

HARVEST THANKSGIVING SERVICES AT IMMUEL CHURCH

Harvest thanksgiving services were held in Immanuel Church on Sunday last, with a choral celebration of Holy Communion at 11 a.m. and evensong at 7:30. The musical portion of the service was well rendered by the choir under the direction of Mrs. H. J. Montgomery, Miss H. M. Robinson presiding at the organ. In addition to the well-known harvest hymns, which were heartily joined in by the congregation, the choir rendered two anthems at the evening service, Miss K. Barker being the soloist. The church was prettily decorated for the occasion by willing helpers with fruits of the garden and field given by members of the congregation. Rev. Hatfield of St. Luke's Church, Edmonton, was in charge of both services, and gave interesting addresses to large congregations both in the morning and evening.

Weddings

BRAGLIEN—McLEOD

A quiet wedding was solemnized on Thursday, Sept. 26th, at 10 a.m., at the home of Mr. and Mrs. James Braglien of Wetaskiwin, when Ellen Rachel, daughter of Mr. and Mrs. Claud McLeod of Wetaskiwin, was united in marriage to George Wilhelm, son of Mr. and Mrs. Anton Braglien, also of Wetaskiwin. Rev. P. M. Meyer officiating.

Obituary

MRS. WILLIAM MCCALLUM

It is our painful duty this week to chronicle the demise of Jessie McDougal, beloved wife of Mr. William McCallum, who passed out of this life at the family residence, MacDonald street on Tuesday morning of this week. The late Mrs. McCallum was one of the first white women to locate in this community, having arrived here about thirty-six years ago with her husband and since that time has been a very highly esteemed citizen. She was born in the County of Gengary, Ont. and after her marriage to Mr. McCallum, she resided at Van-klee Hill, Prescott County, for six years, prior to coming to Alberta. About three years ago she suffered a stroke of paralysis and since that time has been an invalid.

She leaves to mourn her loss, her husband, one daughter, Amy, a sister in B.C., and a host of friends and acquaintances.

The funeral takes place from the family residence on Thursday afternoon of this week; service being conducted at 2 o'clock by Rev. A. L. Elliott. The interment will take place in the Wetaskiwin cemetery.

BUSINESS MEETING FAVORS CALGARY POWER CO. BY-LAW

A very representative meeting of citizens favorable to the proposed Calgary Power Company agreement was held in the Council Chamber on Monday evening. About 50 of the largest users of electric energy in the city were present, and showed keen enthusiasm to have the by-law carried with the largest majority possible. Duncan MacEachern, the chairman of the meeting, and J. W. Manley, who was selected as secretary. The object of the gathering was to organize for the purpose of getting the burgesses to the polls and the meeting resolved itself into a citizens committee to look after the interests of the city in the election. A transportation committee, consisting of R. M. Snyder, B. M. Parker, Alex. Cummings, E. E. Ness, Tony Johnson, L. G. Kelley, El Moore, Thos. Torrance, H. R. French, H. E. Chalmers and Wm. Gibson were named and scrutineers were appointed to look after the poll, Messrs. D. MacEachern, R. W. Manley, J. S. Orr and H. R. French were chosen as a general executive committee. A list of the burgesses was checked over, when it was ascertained that the by-law would undoubtedly be carried by a very large majority.

TWO MORE CASES DISPOSED OF IN CRIMINAL COURT

After a trial lasting more than two days, in the Supreme Criminal Court, here last week, Louis Speldi of Bawit Post Office, was found guilty of theft of numerous tools belonging to one Albert Hovarth, of a total value of about \$75. He was sentenced to six months' imprisonment at hard labor in the Fort Saskatchewan gaol. The trial was before Mr. Justice Ford, without a jury. Alexander Knox acted for the accused.

The case of Rex vs. Charles and Annie McAllister (husband and wife) of Fox Creek Post Office, charged with assault causing actual bodily harm to one Anton Kovalek, also of Fox Creek, was disposed of at a short session of the Court held on Thursday afternoon last. It appeared from the evidence that Kovalek had gone on the McAllister farm in search of a missing calf that an altercation had taken place between Kovalek and Mrs. McAllister, which led to a fight in the latter stages of which the husband, Charles McAllister, interjected himself. Kovalek sustained a broken thumb and Mrs. McAllister a wound in the neck. After hearing the evidence Mr. Justice Ford dismissed the charge. W. J. Loggie acted for the accused.

W. H. Odell, Crown Prosecutor, acted for the Crown in both the above cases.

The Court adjourned on Thursday afternoon last until Thursday morning, October 3rd, at ten o'clock, when the case of Rex vs. Elmer K. Ose, of Rosalind Post Office, charged with manslaughter, will commence before Mr. Justice Ford and a jury.

Fred Dittburner of the Duhamel district is reported to have shot three grey geese on Saturday, while driving along the road near J. P. Capser's farm, on his way to New Norway. Mr. Dittburner wounded a fourth goose but after following it a short distance across the field, the bird flew away.—Camrose Canadian.

OTTAWA HAS TAX PRIORITY COURT RULES

Ottawa, Sept. 26.—The supreme court of Canada, in a judgment handed down today, held that claims for Dominion taxes had priority over claims for provincial taxes. The appeal was taken on behalf of the attorney-general of Canada, and opposed on behalf of the attorney-general of Quebec.

The action arose out of a bankruptcy matter. Both the Dominion government and the Quebec authorities had a claim against the bankrupt for taxes. There was not sufficient to pay both claims in full. It then became a question as to which claim took priority.

Town Topics

Miss Edna Rönne, R.N., of Chicago, is visiting with her father, O. H. Rönne, of this city.

The Gwynne U.F.A. and U.F.W.A. will meet at the home of Mrs. John Maynard on Saturday evening, Oct. 5.

Mrs. Horne of Rocky Mountain, has been in town several days visiting her parents, Mr. and Mrs. E. E. Chandler, and other friends.

Mr. Forester of the Imperial Bank, Edmonton, and Mr. J. Stafford of Millet, spent Sunday at the home of Mr. and Mrs. W. J. McCall.

Mrs. French and son, John W., of Coakshie, Que., arrived in town a few days ago on a visit at the home of the former son, Ald. H. R. French.

The many thanks of J. S. Watson are pleased to know that he has left the Wetaskiwin hospital, where he has been confined for several months, recovering from an injury sustained in a fall.

Mr. W. Solway, Provincial Field Commissioner of Boy Scouts, who has just returned from the Scout Jamboree at Birkenhead, England, will be the preacher at Immanuel Church on Sunday evening.

Only twelve more weeks till Christmas. Not too early to order your Personal Christmas cards in time for Old Country mailing and while the selection is good. Phone 27 and ask these out-standers.

Remember the meeting in Angus Theatre on Monday evening next, when the proposed agreement with the Calgary Power Company will be considered. Representatives from the Power Company will be present to address the meeting.

Mrs. L. L. Mason and child came down from Edmonton Monday morning to join her husband, who recently accepted the position of accountant in the Imperial Bank of Canada. They are taking up their residence in the rooms above the bank, formerly occupied by Mr. and Mrs. J. C. B. Williamson.

Mesdames B. W. Bellamy, A. Rodell and Schram attended a meeting on Friday evening last in the I.O.O.F. hall, Edmonton, of the executive of the Alberta Branch of the Women's Amateur Athletic Federation of Canada.

Mr. B. W. Bellamy was also in attendance as a member of the Advisory Committee. Much business was disposed of.

Mr. and Mrs. Alfred Svensen of Haynes, Alta., had as their guests on Sunday, the latter's parents, Mr. and Mrs. R. P. Pullen of Malmø, Mr. and Mrs. Lee Bye, Malmø, Mr. and Mrs. J. F. Hodson, Hobbema, Miss Agnes Svensen, Miss Aletta Kadlec, Wetaskiwin, Miss Lillian Lockhart, Delburne, and Messrs. J. C. Hodson, Delburne, Sam Svensen, Wm. Hauptert and Walter Greiner.

C. H. Swanson, who has been the very efficient caretaker of the Court House since it was opened twenty years ago, retired from his duties on September 30th, and he and Mrs. Swanson are now making their home in a residence near the Court House. Mr. A. Aranson has been selected to succeed Mr. Swanson and Mr. and Mrs. Aranson are now taking up their residence in the rooms vacated by Mr. Swanson.

POPULAR CITIZENS GIVEN ENJOYABLE FAREWELL

A large gathering of Rebekahs and Oddfellows from Wetaskiwin and Millet assembled in the Oddfellows' hall on Friday evening last, when a farewell was tendered Brother and Sister E. E. Chandler, prior to their departure for the coast. A very enjoyable banquet was served, and addresses were given by several of the Brothers and Sisters. On behalf of the lodges represented, Brother Chandler was presented with a sum of money, and Sister Chandler was made the recipient of a Rebekah pin. Both honored guests suitably thanked the gathering for the tokens and expressions of good will which were tendered them. The remainder of the evening was spent in cards and social intercourse, and a very pleasant evening was spent by the large crowd which attended.

His Worship Speaks on Calgary Power Company Agreement to Kiwanians

Many Questions Are Asked of Mayor Montgomery Following Highly Interesting Address—Electric Light Debentures Will Be Retired in Five Years, Waterworks Having Thirty-two Years to Run

The Wetaskiwin Kiwanis Club held a very interesting luncheon on Tuesday evening, when Mayor Montgomery explained the proposed agreement with the Calgary Power Company for the taking over of Wetaskiwin's utilities. The Company will purchase the electric and water utilities as well as the power house plant and lot, as well as the poles, wires, etc., on the streets. The Company will submit plans for all proposed changes in the system, and will take all reasonable precautions to give a continuous service. They will give a 24 hour service and will make a charge of \$3 a lamp per month for street light up to 300 kps. and \$3.60 per month from 301 to 400 kps. They will extend the system 250 feet without additional charge and 20c per foot beyond that distance. The light rates are divided into three lines, domestic, commercial and power. The domestic rate is 6c up to 50 kw., next 150 kps. 8c per k.w., and 15c over that amount with a minimum monthly charge including service charge of \$1.25 a month.

His Worship then gave the commercial and power rates, as they have been published in the by-law. All accounts are payable at a place stated by the Company, and the Company reserves the right to increase the rates if their taxation is raised by the Dominion or Provincial governments, but they must first get the approval of the Utilities Commission. A deposit equal to twice the monthly rental will be collected but the Company will allow interest at 4% on such money. No discount for prompt payment will be allowed, and if payment is not made within 20 days, the consumer may be disconnected. The disconnection charge does not apply to links or city property. This agreement may be renewed in ten years on terms agreed upon and if there is a disagreement, the matter will be decided by the Board of Public Utilities. Negotiations must open up at least one year before the end of the ten year period. It is an exclusive franchise to the Company, but the province is not debarred from taking it over. The Company will change the system from two phase to three phase without cost to the customers. The Company agrees to have the transmission lines here on or before November 1st and the Company agrees to pay \$50,000 for the electric light plant and \$30,000 for the waterworks system. The gas wells are not included in the sale. The quality of the water supplied to the city must be satisfactory to the Provincial Department of Health.

In case of fire, the Company agrees to furnish a pressure required by the Fire Underwriters Association. No charge is made for water used on the streets for fire protection and for public fountains, nor for two drinking fountains and for watering troughs. The Company also furnishes free water for two small skating rinks and for sewer flushing. The Company will keep the hydrants in good order and will submit plans for any water extensions anticipated. The Company will pipe all mains to the street lines as under present arrangements. A penalty of 50c a day is made to persons having leaks on their own property and the Company has the right to make repairs in the event of the owner delaying to do so. No person can give water away from the premises and if given away a charge of \$2.25 a month is made.

A number of questions were asked His Worship and a general discussion took place on the agreement. In answer to a query, His Worship stated that the Company would pay taxes on the present power house and the right to tax transmission lines would undoubtedly be settled in the Courts. The Company is not taking over the sewers in the agreement but will enter into a contract to keep them clean. In answer to a question, His Worship also gave the opinion that the taxes would be slightly reduced if the sale was made.

The electric light debenture will be retired in five years, but the waterworks debentures have 32 years yet to run. The Company proposes to spend \$30,000 on the water system and \$15,000 on the electric light system in addition to the cash price of \$125,000.

The Committee reported that the invoice had been received for the playground equipment, and the Committee considered the matter of small skating rinks and will report at next meeting.

LOCAL LODGE RECEIVES OFFICIAL VISIT

The Margaret Dunn Memorial Lodge No. 723 received an official visit from R. W. Grand, Master, and J. E. MacLeod, on Sept. 28th. A special meeting was held in the lodge room, W. M. Master Hall, presiding, and the initiation ceremony of the 1st Degree was conducted.

Sister MacLeod then gave an interesting talk on the Protestant Ordination and the Home Trust Fund, which was greatly appreciated. She also complimented the lodge for the good work they were doing.

Sister Hall then presented Sister McLeod with a small token of remembrance, which she greatly admired.

A dainty lunch was then served by Sister Griffiths and Sister Gale, after which Sister Hall invited the members to her home for the evening, which was spent in playing Five Hundred.

ARMISTICE DAY AND THANKSGIVING ON NOV. 11

Ottawa, Ont., Sept. 28.—Armistice Day and Thanksgiving day coincide in this year, both falling on Monday, November 11, this year, and the current issue of the Canada Gazette accordingly publishes a proclamation declaring that day to be one of public thanksgiving.

Owing to an outbreak of diphtheria in town the school was closed Monday in order that the building be fumigated. It is advisable that due precautions be taken.—Ponoka Herald.

A letter from J. E. Scharrf re ditching was read and filed.

A letter from Dr. T. Wright re approach to S.W. 30-45-27-4 was read and filed.

A letter from the Salvation Army re grant was read. Motion by the Reeve that the Salvation Army be allowed the usual grant of \$100 was carried.

The secretary read a petition against By-Law No. 31, signed by ten ratepayers. This was left over to be dealt with at the next meeting.

Motion by Councillor Helmers that the S.W. ¼ of Sec. 22, Twp. 46, Rge. 27, West of the 4th, be sold to G. A. Gustafson. That the price shall be \$900; \$200 on the completion of the instrument of sale, and the balance in three equal annual payments with interest at 6 per cent per annum. The motion carried.

Bills and paychecks were then passed for payment.

The meeting adjourned.

A letter from M.D. Liberty No. 459

as under present arrangements. A penalty of 50c a day is made to persons having leaks on their own property and the Company has the right to make repairs in the event of the owner delaying to do so. HOSPITAL ADDITION NEEDED.

Hanna, Drumheller and Innisfail are increasing their hospital accommodation materially—Hanna to 54 beds, Drumheller to 140 beds, Innisfail to 40 beds. Stettler Hospital has built a new hospital this year, and Lacombe is planning a municipal hospital district and a municipal hospital.

Drumheller, with its mining area, had accumulated a surplus of \$70,000 in nine years, and the financing of a \$50,000 wing offered no problem. The Red Deer Hospital Board has certainly an abnormally low hospital rate of one mill for the town, but it has been unfortunate in not procuring the co-operation of adjoining M.D. areas on a municipal hospital basis, as have other centres.

With the coming of the winter, the Red Deer Hospital accommodation is likely to be overtaxed far more than the present accommodation for patients and nurses justifies. A definite plan should be suggested by the Board, now that the late Mr. Jost's generous bequest of \$4,000 has given them a start.—Red Deer Advocate.

NOTES AND COMMENTS

All burgesses should attend the meeting on Monday evening next, October 7th, to consider the Calgary Power Company by-law. If there are any points you do not understand about the by-law, ask to have them explained. That is what the meeting is for.

Give Wetaskiwin another boost towards prosperity and success by voting for the Calgary Power Company by-law on October 14th.

Judging from the large attendance of ratepayers at the meeting on Monday evening last of those favorable to the passing of the Calgary Power Company's by-law there is no doubt but that it will be carried by a large majority. Nearly all the large taxpayers and nearly all the business men were present. It was the best attended meeting of ratepayers ever held in Wetaskiwin, and everyone present was enthusiastically in favor of the passing of the by-law.

Help make Wetaskiwin a better and more comfortable place in which to live by supporting the by-law on October 14th.

It is stated on the street that if the Calgary Power Company by-law carries, the taxes in this City will be increased. There is no foundation for this statement, as the taking over of Wetaskiwin's Utilities would not increase the debenture liability.

The \$125,000 in cash paid by the Company for the Utilities when applied to the debenture payments will effect a very great saving in interest charges. It would appear to be the other way about, as if the by-law does not carry and the city is compelled to expend vast sums of money for replacement of water mains, the drilling of other water wells, etc. (and unquestionably this heavy expenditure must take place in the immediate future, whether the Power Company takes over the utilities or not) there is no doubt but that the taxes will be materially increased.

The Editor, Wetaskiwin Times

Dear Sir:

MR. HULL'S LETTER
Mr. Hull's letter which appeared in last week's issue of The Times is neither illuminating nor informative unless one is interested in the writer's own fond beliefs, and puts a value upon his prophesy regarding future events in another country.

Mr. Hull is unduly elated over the editorial which appeared in The Saturday Evening Post of August 10th, a paragraph of which he has now twice quoted. So that he may re-read and get a clearer vision of what the editor had in mind, I call his attention to two passages from the same editorial:

"We are not prophets and we do not pretend to know what the laws and customs of the future will be. There may well come a time when this particular law (Prohibition) should be changed."

The above is directly opposed to Mr. Hull's ideas. Admittedly, from the same editorial the following is taken:

"Of course, Prohibition does not work nearly so well as could be wished."

This again is opposed to Mr. Hull's statements, and are of much more authority, coming as they do from a distinguished American editor, who is peculiarly well placed to get the truth of the matter, through his connection with a great magazine which until lately accorded its blessing and support to the failed Prohibition cause.

Yours sincerely,

J. H. HODSON.

games. And Charles is braggart all the time of Willie's noble gift; he'll have a destiny sublime, his progress will be swift. "He is a prodigy. In sooth," says Charles, "I have a hunch he'll take the shine from Edwin Booth and Irving and that bunch." And Willie's Ma is also proud, he fills her every dream, and every time she sees a crowd she lectures on that theme. She praises Willie to his face, who never calls him down, she sings his praises every place, in every part of town. This Willie is a gifted lad, and I have long maintained he'd be an honor to our grad if he were rightly trained. If he were made to reap the fact that gifts are not enough, unless by earnest work they're backed, he yet might be hot stuff; if he were told by parents and that he has far to go ere he can reach the lofty plane where deathless laurels grow. But gifted Willie has been told so often he is great that he's grown insolent and bold, he swaggers in his gait. Because at times he's chosen to earn some plaudits cheap and small, he feels there is no more to learn, he thinks he knows it all. He won't outshine such men as Booth, make Irving's fame look sick, for he's been ruined in his youth by praise spread on too thick. There are no doubt a host of lads who would fine wreaths deserve, but for the foolish, smiling duds who praise their every cur. Encouragement is very well, it's good for every youth, but now and then Dad ought to yell a raw, unpleasant truth.

NO CAUSE FOR ALARM

Some of the oil wells in Alberta are understood to have been drilled a mile down into the earth's surface. Uneasiness has been felt that perhaps this drilling is going a bit too deep. But there's no danger.

A Harvard professor has told the Seismological society that the core of the earth is a sea of dense liquid gas on which oceans and continents float and slide. This sea is surrounded by successive shells.

If the Alberta oil drillers have pierced a shell or two, they're still a long way from tapping the liquid gas that, presumably, if allowed to escape, would poison the continent.

To get down to it they will have to drill thirty miles.

ARITHMETICAL PROBLEM

A man had to get to a railroad station which was twelve miles away and had just an hour and a half to catch his train. A bicycle was his only means of conveyance. There were four miles uphill which he had to walk and push his bicycle at the rate of four miles an hour. Four miles were downhill which he travelled at the rate of twelve miles an hour and the remaining four miles were a level stretch of road which he covered at the rate of eight miles an hour. Thus the man averaged eight miles an hour. Did he catch his train?

THE HEART

The heart is a most important organ which acts as a pump and thus keeps the blood moving throughout the body. Any unusual condition of one part or organ of the human body may result in the upset of other organs, such as the heart, with perhaps some permanent damage.

Pain in the region of the heart does not always mean heart disease. It may be due to some heart condition, but it is much more frequently caused by some condition of the stomach, such as improper digestion of food. Usually the first symptom of the heart's being below par is shortness of breath on slight exertion.

In old age, it is not unusual to find that the heart is not doing its work as well as it did. This is part of the general wearing out of the tissues, and means that life must be so regulated that neither at work nor at play is the heart given more to do than it can accomplish without exhaustion. Persons, young or old, who have a weakened or damaged heart, can live long lives of usefulness, providing they avoid such things, as heavy lifting, which throw a sudden strain on the heart. They must also avoid those activities which cause shortness of breath or pain, always stopping immediately when symptoms appear. Exercise in the form of work or play which does not cause symptoms is usually of benefit.

The most common cause of heart disease in young people is infection. The germs which settle down in diseased tonsils, adenoids and teeth very often travel around the body. They may, and very frequently do attack the heart. The heart may also suffer from the germs and poisons produced

HOSPITAL ADDITION NEEDED.

Hanna, Drumheller and Inisfail are increasing their hospital accommodation materially—Hanna to 64 beds, Drumheller to 140 beds, Inisfail to 40 beds. Stettler district has built a new hospital this year, and Lacombe is planning a municipal hospital district and a municipal hospital. Drumheller, with its mining area, had accumulated a surplus of \$70,000 in nine years, and the financing of a \$50,000 wing offered no problem. The Red Deer Hospital Board has certainly an abnormally low hospital rate of one mill for the town, but it has been unfortunate in not procuring the co-operation of adjoining M.D. areas on a municipal basis, as have other centres. With the coming of the winter, the Red Deer Hospital accommodation is likely to be overtaxed far more than the present accommodation for patients and nurses justifies. A definite plan should be suggested by the Board, now that the late Mr. Jost's generous bequest of \$4,000 has given them a start.—Red Deer Advocate.

NOTES AND COMMENTS

All burghesses should attend the meeting on Monday evening next, October 7th, to consider the Calgary Power Company by-law. If there are any points you do not understand about the by-law, ask to have them explained. That is what the meeting is for.

Give Wetaskiwin another boost towards prosperity and success by voting for the Calgary Power Company by-law on October 14th.

Judging from the large attendance of ratepayers at the meeting on Monday evening last of those favorable to the passing of the Calgary Power Company's by-law there is no doubt but that it will be carried by a large majority. Nearly all the large taxpayers and nearly all the business men were present. It was the best attended meeting of ratepayers ever held in Wetaskiwin, and everyone present was enthusiastically in favor of the passing of the by-law.

Help make Wetaskiwin a better and more comfortable place in which to live by supporting the by-law on October 14th.

It is stated on the street that if the Calgary Power Company by-law carries, the taxes in this City will be increased. There is no foundation for this statement, as the taking over of Wetaskiwin's Utilities would not increase the debt service liability.

The \$125,000 in cash paid by the Company for the Utilities when applied to the debt service payments will effect a very great saving in interest charges. It would appear to be the other way about, as if the by-law does not carry and the city is compelled to expend vast sums of money for replacement of water mains, the drilling of other water wells, etc. (and unquestionably this heavy expenditure must take place in the immediate future, whether the Power Company takes over the utilities or not) there is no doubt but that the taxes will be materially increased.

When the Calgary Power Company schedule is applied to the account of the average business man, a saving of over 50% is made to the consumer. We know of instances where the city's light and power account for September is above \$45.00. When the Power Company schedule is applied, the charge is reduced to less than \$20.00—a saving of approximately \$25.00 a month, or \$300 a year. If the taxes should be increased by the transfer of the utilities (and we cannot see why they should be) this big saving would pay a lot of increased taxes!

Talk in favor of the Calgary Power Company by-law and be sure to vote early in favor of its passing, on polling day.

President E. W. Beatty announces that the C.P.R. intends to spend \$50,000,000 in developing the lines in Western Canada during the next five years. This is an indication that the west is rapidly coming into its own. Industrially, Alberta is yet in its infancy, but the discovery of oil and the reports of geologists and scientists concerning the valuable natural resources to be found throughout the northern portion of Alberta leaves no doubt in the minds of capitalists that this province will shortly become one of the wealthiest areas in America. It is Wetaskiwin to share with other cities in this prosperity by getting electrical energy from the Calgary Power Company at a rate which will permit industries to locate here or will be handicapped by continuing to pay a higher rate than that charged in other commercial centres? If the city continued to manufacture its power, the rate we could quote would be prohibitive to a prospective manufacturer. A vote in favor of the by-law is a vote for Wetaskiwin's future welfare.

The value of advertising was emphasized not long ago among a group of Wetaskiwin ladies. The conversation turned to the daily purchase of groceries and ladies' furnishings. Several present said they read the Alberta regularly in The Times and they preferred buying groceries from the grocers who quote prices each week. The same attitude applied to ladies' dresses and furnishings and the local newspaper was taken as the source of information for such things. All merchants would do well to see that their ads, each week carries a message of good news to the one who buys household necessities.

Elsewhere in this issue will be found a map showing the transmission lines of the Calgary Power Company throughout Alberta. The line from the Stettler plant to Wetaskiwin will carry a voltage of 12,000 watts. By connecting up with such a system, surely Wetaskiwin could be assured of a continuous supply of current with even better service than we have now—while the rate would be about half what we are paying at present.

At the Council meeting on Tuesday evening, Alderman Scott stated that he made "an unconditional surrender as an opponent of the Calgary Power Company by-law" and would now do all in his power to have the by-law passed. All the Aldermen are now in favor of the by-law, but the Mayor is still opposed.

"DON'T HAVE TO" MERCHANT DOESN'T GET VERY FAR

The bird who says "I don't have to advertise for everyone knows who I am, where I am, and what I sell," will never make any more than a living. The average shopper does not care who a merchant is, where he is, or what he sells. But he does care about information as to cost of what he wants without wasting steps. So, advertise.—The Life of the Town, Bellows Falls, Vt.

by the germs in such diseases as diphtheria, scarlet fever and influenza. Damage to the heart is a comparatively common result of acute rheumatism. Syphilis is also an infection which is very liable to attack the heart and blood vessels. The removal of infected parts, such as diseased tonsils and the avoidance of infection are the basis of the prevention of heart disease.

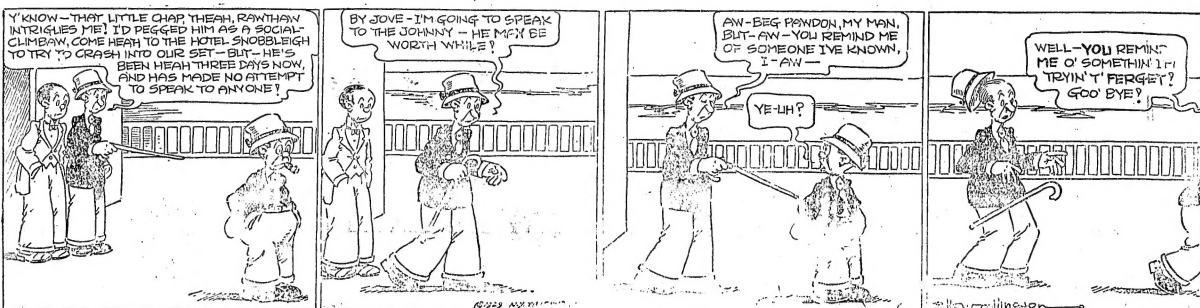

Questions, concerning health, addressed to the Canadian Medical Association, 134 College Street, Toronto, will be answered personally by letter.

Minister—"I have brought back the second-hand car you sold me last week. It seems best that I give it up as it is too obstreperous."

Dealer—"What's wrong? Can't you run it?"

Minister—"Not and stay in the ministry."

By Wellington

LITERARY ATTEMPTS

(By Monte Darroll)

Marion Cranshaw had sold her 468th story before she received a letter from a gentle reader. This was probably because they were very short, very inconspicuously published, and not very good. Miriam recognized this last fact herself, and once asked a cousin, who had two books bringing in royalties, how she could do better.

After reading a batch of her clipped stories, he shook his head. "I'm afraid you have the fatal gift of fluency and have run your talent into this one mold," he said discouragingly.

But Miriam did not lie awake nights worrying over it. She knew that the receipts from her work while small individually had, in the aggregate, bought many a football suit, saxophone lesson and similar luxuries for her four sons, which Philip's salary could not always cover.

And now she had a letter from a young man who signed himself "Your Admirer" and stated that he was 18 years old, just the age of Philip, Junior. Reading it in the light of her knowledge of youth at that age, she decided to answer it, although she had a poor opinion of anyone who would write the sort of letter he had written to an utter stranger.

"Dear Miss Cranshaw:
"I read and admired your story in the Daily Star. I am a would-be author myself and so there is a bond between us. If you will write to me all letters will be considered confidential. I expect to be in your vicinity to see Harvard beat Yale and would be glad to stop off and discuss literature with you. Your admirer,
"GEOFFREY LAWTON."

The reply that Mrs. Cranshaw wrote was brief:

"My dear Mr. Lawton:
"Thanks for your kind words about my story. As the mother of four grown sons and wife of Yale man,

however, let me give you a bit of advice.

"First, do not suggest the writing of confidential letters between strangers."

"Second, do not risk any money on Harvard's beating Yale. With best wishes for your success,
"Yours truly,"

"MIRIAM CRANSHAW."
And then, just because she couldn't help it, she amused herself by writing the sort of letter she fancied he was hoping for, fully intending to toss it in the waste paper basket.

"My dear Geoffrey—if I may call you so:

"Your letter is most inspiring. I am only 17 and my friends say I am pretty. Blue eyes and light hair. In other words, a blonde. I love my work, but my people are very unsympathetic. Sometimes I yearn for some one to talk to who speaks the same language. I don't think it would be proper for me to receive a call from a perfect stranger, although I shall be at home the morning of the day of the game.
"Yours sincerely,

"MIRIAM CRANSHAW."
As she drew the typed envelope from the machine the telephone and doorbell rang simultaneously and, in answering both, she hastily finished her task and forgot for the time being what she had been doing.

Three days later she found in the mail a large square envelope whose contents at first puzzled, then appalled her.

"My dear Miriam:
"I can hardly wait until Saturday. To think you are just 17—so near my own age. And I am one of those who prefer blondes, though you might not think so, with my writing to a stranger. But something whispered we were kindred souls.
"Yours until I see you."

"GEOFFREY."

Miriam called herself several names, the least of which was "prize moron." She must have mailed the wrong letter. Well, it was her fault and she'd see the thing through as a punishment. When he came she would explain. Meanwhile, she pursued her daily tasks, condemning all young men who went about reading other people's stories and making of their admiration an excuse for correspondence.

He came on the morning of what the papers call the Yale-Harvard or Harvard-Yale according to location and classic.

Miriam was sitting by the window darning Philip, Junior's, sweater when she saw a tall young man walk slowly down the street, hesitating as he neared the house. She saw that he wore large tortoise-shelled glasses and carried something under his arm, but it was not until she opened the front door and saw that the something under his arm was a large package of manila envelopes, each seemingly filled to bursting, that any doubt as to her course of action assailed her.

Then, as she realized what a serious person this young man was with his dreamy eyes and sensitive mouth, she jumped to a sudden resolve. Poor lad—let him hug his delusion and, at the same time, Heaven forbid she

Pain in Right Side For Two Years

Mrs. Henry Gauthier, Penetanguishene, Ont., suffered from a pain in my right side for two years.

"I used all kinds of medicine which did very little good. It was then advised to use your Laxa-Liver Pills."

I tried them and after using the first vial I have never felt a pain in my side since. I am never a day without having some Laxa-Liver Pills in my home."

Milburn's Laxa-Liver Pills are 25 cents a vial at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

should have to read all the manuscripts he had so plainly brought with him!

"Is Miss Miriam Cranshaw at home?" queried Geoffrey Lawton, politely.

Miriam smiled regretfully. "So sorry," she said, "but my daughter is not here." Which was true enough at that.

"Could you tell me," he went on earnestly, "how soon you expect her back?"

"There you have me. When one goes house hunting with one's fiancée, time means so little."

If her caller was non-plussed, he gave no sign. Instead, "It is a strange request, but as a very great favor, would you let me see a picture of her?"

Now if Miriam had actually had a young daughter, it is likely she would have assented. As it was, she was ready to do any little thing to speed the young man's departure.

"Wait a moment," she bade him kindly, and ran upstairs to Philip, Junior's, room, where she was reasonably sure of finding portraits she could use among the galaxy of portraits of young ladies clipped from magazines which ran to that sort of thing. Finding one that had no name beneath it and did not too blatantly proclaim its origin, she brought it down and placed it in Geoffrey's outstretched hand.

He regarded it thoughtfully, then glanced up at Miriam. "It has a look of you," he said pleasantly.

"Yes—yes—" her comment was hurried. "So others have said."

"Well, I thank you," said the young man, and turned to go. On the upper step he paused, gave one wistful look back, then put on his hat and descended to the walk.

When, later in the afternoon, Harvard trimmed Yale property, Mrs. Cranshaw, Yale rooster though she was, felt a bit of satisfaction. Perhaps it had made up to Mr. Geoffrey Lawton for his morning's disappointment.

But even so much concession she regretted later in the week when a

large white envelope arrived with three enclosures. One of them read as follows:

"My dear Mrs. Cranshaw:
"I had to come and see which one you were. The picture you showed me of a favorite movie actress put me wise. Still your admirer."

"GEOFFREY LAWTON."
The two other enclosures were the two letters she had written in answer to his original note. She had mailed them both.

Miriam groaned, laughed, called

Power Line to North Will Cost Near Million and Half; Start Work at Once

The entire power line from the plant at Ghost river to supply Edmonton under the new agreement will cost in the neighborhood of \$1,350,000, it was announced by R. B. Baxter, when that official of the Calgary Power Company was questioned regarding the progress of the line. He added further that it was not so many years ago that such a project would have been considered unprofitable owing to the amount of power which would be lost in a transmission of that length. Improvements which have been going on steadily during recent years have now lessened that loss to an almost negligible amount.

The Edmonton agreement is for a five-year period and calls for the purchase by the capital city of power at the rate of five-cent per kilowatt hour for the first 20,000, 000 kilowatt hours delivered per annum, and four-tenths of one cent per kilowatt hour for all power in excess of that amount.

Opposition on the part of some members of the Edmonton city council to the agreement as originally drafted resulted in the addition of clauses whereby the city retains the right to generate power during the winter months, when the supply is lowest, in its own steam plant, whether or not the company happens to have sufficient power to supply the city's needs. A limit, however, based upon average water flow conditions over a long period of years, has been placed upon the amount of power which the steam plant may generate under this clause. The company will pay the city for such power the average cost per kilowatt hour, plus 10 per cent.

Power bought by the city is to be delivered at the city limits and delivered to the city power plant over a line to be built by the city at the company's expense. Some members of the council spoke in favor of delaying action on the agreement for another 90 days, but this was voted down.

The plan will involve the construction of a 132,000-volt line, which is the highest voltage in the west, and is exceeded in all Canada by only the line between Sarnia and Quebec and the new line of the hydro-electric of Ontario, which supplies Toronto from the Gattineau river.

According to company officials, the transformers used will be the largest in Western Canada and the line itself will be a double pole structure, built on 45-foot and 50-foot poles throughout with an aluminum conductor reinforced with steel.

The company intends to order the material immediately for the line from the Ghost river plant to Edmonton and to start the construction within the next few days. It was also announced that the whole line will be completed and in operation this year as far north as Red Deer, and that the pole line, at least, would be completed this year on that portion of the route from Red Deer northward.

Substation equipment is being ordered and will be installed during the winter months, when work will also be in progress on the north line, so that the whole stretch from the dam to Edmonton should be completed early in 1930.—Albertan.

At least \$1,000,000 will be required immediately to give assistance to 5,479 families in drought areas in Saskatchewan where this year's entire crop was damaged.

CITY BAKERY

W.C.T.U.

The last united prayer meeting on Sept. 25th was held in the Nazarene church, and was addressed by H. H. Hull, general secretary of the Alberta Prohibition Association. His address was evangelical rather than temperance or political. But he gave for the encouragement of the temperance workers here some account of the activities of the Association, noting some of the amendments secured to the Liquor Act through their influence which all went to show that our government is composed of men of integrity of character, just as anxious to do the right as we are. But they are the representatives of the people and the people are the power behind the government.

In a U.P.A. convention, when a vote was taken on the beer parlor only, 3 in 500 were in favor of its continuance, and the U.P.A. is the power behind the Alberta government. He advocated temperance people make the best of the law.

But as our first democratic power let every church congregation and every service organization in Alberta be enlisted and present petitions to the government through our representatives and keep it up a year and a half if necessary.

Speaking of conditions, the result of our Liquor Act, he would advocate watching boys and girls and educating the parents who failed to look after their boys and girls.

We are not playing the game fair with the U.S.A., but we are going to stand up as a nation. Keep up our struggle of education, and Ottawa will decide the outcome.

Speaking personally, Mr. Hull has spent one-half of his time during the last year helping in local option campaigns. He gave some wonderful instances in which the temperance victory was won when the people earnestly prayed. He places prayer as necessarily here as in all else, the first condition of success. Science has come to the aid of temperance education. Mr. Hull believed that Prohibition can be put over in Canada in two years.

Alberta W.C.T.U. Provincial Convention is in session in Calgary Oct. 1st to 4th. It is their silver anniversary celebration. Twenty-five years old in Alberta. The delegates from Wetaskiwin are Mrs. W. Mellett and Mrs. J. I. Poole, who is the provincial treasurer.

EDMONTON COUNCIL RATIFIES
CONTRACT FOR CALGARY POWER

Edmonton, Sept. 28.—Voting down a proposal by Alderman J. W. Findlay to delay action for another 90 days, the city council at a special meeting Friday evening gave final assent to the ratification of the power agreement between the city and the Calgary Power Company.

The action of the council brought an end to weeks of furious public meetings, special meetings of council, and study of the agreement. At the meeting, a resolution passed at a public meeting in the Memorial hall, Thursday, opposing the entering of the agreement or any agreement with any power company, was received and filed.

The special meeting of council for final consideration of the agreement had been called for Wednesday, but on that evening was adjourned in order that City Solicitor J. C. F. Brown, K.C., and Sidney B. Woods, K.C., might make a careful study of its legal aspect and its impact on the city. The solicitors made a number of changes in the wording of the agreement.

In its final form, the contract sets out that the city is to buy available power from the Calgary Power Company up to its requirements, while the company, in turn, is to buy up to its needs any surplus power the city may have available. Power bought by the city is to be delivered at the city power plant over a line to be built by limits, and to be delivered to the city at the company's expense.

CALGARY CALF HAS HEART IN ITS THROAT

Calgary has its own freak of nature, a calf with his heart in its throat.

S. Krowitz exhibited the animal to a Herald reporter on Saturday morning. Its heart can be seen throbbing in the lower part of its throat.

According to Mr. Krowitz the animal has been examined by Dr. White-oak, meat inspector, who also stated that he is certain the calf's heart is in its neck.

The animal is four months old and was bought by Mr. Krowitz from the stockyard. A swelling in the animal's neck just in front of the front shoulders is where the animal's heart is lodged.

St. Peter was interviewing a fair dunsel at the party gate. "Did you ever engage a girl in necking, petting, smoking or drinking while you were 'earth'?" he asked.

"Never," she replied. "You should have reported here before," said St. Peter. "You've been doing a long while."

NEW RED CROSS HOSPITAL OPENED IN CALGARY

Entering on a new period of development, the Red Cross has opened its new Crippled Children's Hospital in the City of Calgary. After seven years in rented quarters the Society have managed to obtain a building of their own, far more suitable for the work, and this building was opened at an interesting ceremony at which hundreds of Calgary's citizens, in addition to numbers from outside points, were present.

WHERE THERE IS DIRT THERE IS DANGER

The title for this article is the slogan which is used by an English health agency called the Health and Cleanliness Council. The difficulty with such slogans is that while they are catchy and are easily fixed in the mind, they very often contain a half-truth which is misleading. No one is going to say a word against the teaching of cleanliness. A clean body, a clean house and a clean town are all very desirable. Most people like clean things and are repulsed by dirt. When we are told that dirt is dangerous, it is worth our while considering what is meant, and how true it is.

Our readers will remember that disease germs leave the sick person in the secretions from his body and that as long as the secretions continue to be moist and to be protected from the sun's rays, the germs remain alive. We refer to this fact because it is upon our understanding of it that we are brought to realize the danger of dirt. Dirt which is soiled by human or animal secretions is dangerous to health.

NOTICE TO THRESHERMEN

Owners or operators of threshing machines and combined harvesters are required to have their machines registered with the Department of Agriculture and to send the Department at the end of the threshing season a return showing the number of acres and number of bushels threshed. This applies whether the machine is to be used for custom work or only for the owner's crop.

Special forms for these returns may be secured from the

PUBLICITY BRANCH,
Department of Agriculture, Edmonton.
28-1t

Palpitation of Heart

Sinking Spells
Couldn't Do Housework

Mrs. R. O. Anderson, Dunnville, Ont., writes: "I am, naturally, a strong, healthy person, but after my fifth child was born, and the time had arrived for me to take up the reins of household management, I found my strength very unequal to the duties which devolved upon me as my heart would palpitate and I would have such strange sensations of sinking."

"My husband got me a box of

MILBURN'S HEART NERVE PILLS

and by the time I had finished it I had recovered; I did not even need the second box.

"We have also used them after having 'The Flu' and found them to be very beneficial."

Milburn's Heart and Nerve Pills have been on the market for the past 35 years and during that time have proved their beneficial properties to those having heart and nerve troubles.

Price, 50 cents a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

cause of the likelihood that it contains disease germs.

Disease germs, in order to cause disease, must gain entrance to our bodies. They cannot get in through the unbroken skin. The mouth is the door through which most of them enter. The truth is that most germs enter our bodies because we either eat them or drink them.

If dirt soiled by secretions gets on our food, in the milk we use, or on our hands, and if with our dirty hands we touch food which goes into the mouth, we have taken into our bodies the germs of disease.

All dirt is not contaminated, but because we cannot tell by looking at it whether it has or not, we should, to be on the safe side, consider all dirt dangerous. We can protect ourselves from the dangers of dirt by keeping it out of food and drink and, above all, by keeping our hands away from our faces and by thoroughly washing the hands before eating.

Questions, concerning health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by correspondence.

C.P.R. TO ADD TO LINES IN WEST

The Canadian Pacific Railway will expend the sum of \$50,000,000 in the West during the next five years. E. W. Beatty, K.C., president of the company, stated in a statement on Monday night. He stated that 300 miles of new branch lines would be turned over to his company as the result of construction work this year, and that work was still proceeding on an additional 300 miles of branch lines.

LLOYDMINSTERS TO UNITE

Regina, Sask., Sept. 28.—As a result of the conference between representatives of the governments of Alberta and Saskatchewan and of the village and towns of Lloydminster in the Parliament buildings here yesterday, W. D. Scott, legislative counsel for the government of Alberta has been entrusted with the task of drawing up a basis of union between the two municipalities.

SAMBO'S REPLY

It had always been Sambo's ambition to own a fur coat, and after years of scraping and saving he was at last able to buy one. As one morning he was strutting down the street, a friend approached him.

"Mo'nin', Sambo," the friend remarked. "Pretty col' day ain't she?"

Sambo lifted his chin haughtily from the depths of his fur collar. "Ah really can't tell 'bout the weather," he replied carelessly, "Ah ain't looked at the paper today."

PROTECTING HIMSELF

Jameson: "Going to take a honey-moon after you're married?"

Clarke: "No, my wife's sister is getting married at the same time."

Jameson: "What has that got to do with it?"

Clarke: "We're afraid she and her husband might move in with the old folks before we get back to do it!"

The colonel of an Irish regiment was bawling out a private for cowardice in battle.

"Well, Pat, have you anything to say?"

"Please, sir, before we went into action you said, 'Strike for home and country,' and I struck for home."

ARMY OF MOTORISTS HOT ON TRAIL OF CONSTRUCTION CREWS

Right in the wake of the road builder, the motor tourist settler and sight-seer now take full advantage of the opportunity to see as much of this province as possible during the driving season. Road hazards are challenged, while bad weather has no disheartening effect on these motorists whose aim is to penetrate as far as possible into new areas of farming wealth and scenic beauty in this fair province.

During this season, traffic on the new highways being built into the Peace River district and to Jasper National Park demonstrated the faith of motorists in efficient road building in Alberta. On the Peace highway, as many as 60 cars a day have passed through some points, showing the volume of traffic. The highway is not yet on the tourist route by any means, and motorists are not being encouraged to drive over it until the new grade becomes settled.

The same story of pioneer automobilism comes from those living along the Jasper highway, between Edmonton and that popular tourist resort. As many as 15 and 20 cars a day have been seen on this road, though it is not yet in a finished stage.

The growing traffic on unfinished roads in this province is still another claimant call to the provincial government to expedite its highway building program, which has long been urged by the Alberta Motor Association.

INDIGESTION

Indigestion is a term that is very frequently used and yet, it has but little meaning in so far as describing what is really the trouble or complaint. It is very much like stating that one has a pain. Just as there are many conditions of the body which cause pain, similarly, there are a large group of abnormal conditions which give rise to that condition or symptom which is called indigestion or dyspepsia.

It may be that after some years of over-eating, irregular eating, failure to eat the right kinds of foods, or because of worry or over-work, or on account of some condition such as decayed teeth, the body begins to falter in performing its regular, normal functions. One of the first evidences of this failure is an upset or disturbance of the digestive system. Usually, there is some headache, a feeling of lassitude, constipation, irregular or constant pain in the abdomen and, frequently, pain in the back under the right shoulder.

At this stage, one of two things may happen. The first is an attempt at self-treatment. An upset or disturbance of this nature is an upset or disturbance of the digestive system. Usually, there is some headache, a feeling of lassitude, constipation, irregular or constant pain in the abdomen and, frequently, pain in the back under the right shoulder.

In all cases, it is much better to prevent than to attempt to cure. To prevent indigestion, the right kinds of foods should be eaten in proper amounts, meals should be served in clean plates, in an attractive way, under pleasant conditions. Regular toilet habits should be cultivated.

If any abnormal condition is present, such as decayed teeth, it should be attended to. If this is done, it will save pain, worry and expense. The person who neglects to take care of himself may get along for years without trouble, but trouble will come and he will suffer for his negligence.

Questions, concerning health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by correspondence.

Mother—"Goodness! How did you hurt your finger so?"

Little Son—"With a hammer."

"When?"

"A good while ago."

"I didn't hear you cry."

"I didn't cry then I thought you were out."

CITY OF WETASKIWIN

IMPORTANT!

A Ratepayers' Meeting

Will be held in the Angus Theatre on
Monday, the 7th of October
1929, at 8 p.m.

To discuss the proposed agreement between the City and the CALGARY POWER CO., for the PURCHASE OF THE CITY'S UTILITIES.

A full attendance is requested
By Order of the Council,
J. E. FRASER,
City Clerk and Treasurer.

32,000 MOTOR CARS IN ALBERTA
Edmonton, Sept. 28.—Motor car population figures in Alberta are going up, but not at as brisk a rate as last year, according to the records at the office of the government license issuer. As matters stand now there has been an increase of 5,000 over the preceding year, as compared with 14,000 last year over 1927.

Automobile licenses have been issued to date to approximately 92,000 passenger cars and trucks, 3,000 dealers' plates, 700 heavy cars, and 400 motor cycles. It is not expected that these numbers will greatly increase during the remainder of the year, and the total of all motor vehicles licensed will therefore be around 97,000 in 1929.

Licenses have been issued to drivers to the number of 124,000 for private drivers and 4,800 for chauffeurs and professionals. Applications are still coming in and it is likely that the total will climb considerably nearer the estimated 150,000 mark by the end of the year.

Thirty suspensions of drivers' licenses have been ordered this far, ranging from eight days to six months. Three licenses have been cancelled, chiefly in the cases of drivers operating cars while intoxicated. The police are continuing their check-up on drivers without licenses as being reported.

Threshing Returns Tell the Story

Again at the end of another crop season the "Caterpillar" owner has reason to think more of his tractor than ever, as he looks at his yield and that of his neighbor. More acres—more per acre and lower production cost—that's the history of "Caterpillar" performance throughout the West. How truly it is said "if you need a 'Caterpillar' you pay for it whether you buy it or not."

SUPT. JAMES RITCHIE, OF R.C.M.P., EDMONTON RETIRES FROM FORCE

Edmonton, Sept. 26.—Superintendent James Ritchie of the Royal Canadian Mounted Police at Edmonton announced his resignation this morning, to take effect shortly. He has been in charge of the Northern Alberta district for the last six years.

He has been in the Mounted Police for the last 38 years and is now retiring on pension.

\$40,000 BAIL SET ON MAN WANTED IN ALBERTA CASE

Chicago, Sept. 27.—Joseph Hermann, former Chicagoan, was released under \$40,000 bonds Thursday pending an extradition hearing October 4, on a charge of obtaining money under false pretences from James Hilberry of Red Willow, Alta.

United States Commissioner Edward K. Walker, in granting bail, ruled that a defendant in proceedings for extradition to Canada was entitled to bond.

Hermann is charged with having obtained \$50,000 from Hilberry in connection with the formation of the Belle Equipment company, and sale of stock therein.

THE FLIVVER'S LAMENT

I come from haunts of nut and bolt,
Where I was put together;
Along the King's Highway I jolt.
In various kinds of weather.

I round a corner on two wheels;
I scare a pretty maiden;
I do enjoy her little squeals.
With fearsome anger laden.

I hop, I skip, I run, I jump.
With many sharps and trebles;
I always hit the highest bump;
I rattle on the pebbles.

I bang, I bang, I bang, I bust,
I almost go to pieces;
I'm covered o'er with grime and rust;
My action never ceases.

I roam through all the countryside,
At night when darkness covers;
Beneath the moon and stars I ride
With young and happy lovers.

Although I hate like heck to caw,
So modest am I ever,
Big cars may come, big cars may go,
But I go on forever!—EX.

GALE HITS FLORIDA

Miami, Sept. 28.—A gale that tore into ribbons storm warnings flags on the Miami post office building, swept this southwest Florida metropolis at 7 a.m. today and increased in violence.

The new blow from the hurricane at sea sent residents into downtown "hurricane proof" structures. The storm came as fears were felt that Key West, southernmost city in the United States, was in for a severe blow.

Belief that the present hurricane was severe was strengthened by reports from Nassau, Bahamas Islands, that several deaths had resulted from the disturbance there, one ship wrecked and considerable property damaged.

For Stiff and Aching Joints

Stiff joints caused by sprains or rheumatism can be relieved immediately by Absorbine, Jr. Just rub a few drops well into the affected parts with the fingers and note its delightfully soothing and invigorating effect.

Being a highly efficient antiseptic and germicide as well, Absorbine, Jr., safeguards you against infection. For rheumatic pains, sciatica, lumbago, neuritis, inflammation of the joints and similar troubles, use Absorbine, Jr. It is greaseless and stainless. \$1.50 at your druggist. Booklet will be sent free. 1

For soreness and stiffness, rub with
Absorbine Jr.

FIVE HOLSTEIN COWS GIVE AS MUCH MILK AS 32 AVERAGE COWS

The Holstein herd of dairy cows at the Canadian Pacific Supply Farm at Strathmore continues to score records. It is pointed out by E. W. Jones, the railway's superintendent of agriculture and animal industry, that, while (according to the Provincial Department of Agriculture) the average Alberta cow produces 3,950 pounds of milk per year, the five Strathmore Supply Farm cows recently on exhibit at the Calgary Exhibition produced 127,558 pounds of milk in one year, or as much as 32 average Alberta cows. And three of these cows are not yet mature. The leading cow of the herd, Strathmore Sylvia, which held the Dominion record for milk production, furnished 29,371 pounds of milk within a year, equal to 1,267 pounds of butter.

WEST BUILDING UP ON BASIS OF SOUND PROGRESS

Montreal, Sept. 27.—"There is a silver lining to the cloud insofar as the situation in western Canada is concerned," stated Sir Henry W. Thornton, chairman and president of the Canadian National Railways, on returning to his office in system headquarters, Montreal, after a tour which took him throughout the western provinces and to the Pacific coast. "While it is true that the west is not harvesting such a voluminous crop as in average years, and it is also true that some farmers and some districts are hard hit, it must be remembered that there are districts and farmers in those districts who have harvested better crops than they anticipated a short time ago, and who are reaping the benefit of higher prices from their held-over grain from last year, and also higher prices for the grain which they have produced in 1929."

"The West has gone ahead and is going ahead; building up on a basis of sound progress and one going forward. The east cannot fail to be impressed with the same development which is taking place on all sides."

DRESSED POULTRY PACKAGES

For shipping dressed poultry to market the most popular package is the box holding one dozen carcasses. That is the opinion of Mr. F. C. Elford, Dominion Poultry Husbandman, as expressed in Bulletin No. 20 of the Department of Agriculture at Ottawa. Standard boxes are made in different sizes so as to pack birds of different weights. It is recommended that such boxes are used and sixth packing employed as well as ensure the birds fitting tightly, so as to avoid shifting about in the journey to market.

For birds weighing 2½ to 3 lbs. the inside measurements of the shipping boxes is 19½ inches by 15½ inches and 4 inches deep, birds from 3 to 3½ lbs. to be shipped in dozens require a box 21½ inches long, 16 inches wide, and 4½ inches deep. Large, well finished birds weighing 4½ to 5½ lbs. require a box with inside dimensions of 26½ inches by 18 inches by 5½ inches.

Whichever of these boxes is used should be lined with parchment paper and for fancy quality it is well also to wrap each bird in this paper. The appearance of the birds when the box is opened largely determines the prices that they will bring.

With dressed poultry as with many other articles of merchandise, the pasteboard carton is taking the place of wooden boxes. Mr. Elford recommends a carton 6 inches high, 6 inches wide and 11 inches long for a 5 or 6 pound roaster, or two broilers.

IMPERIAL FIRST BANK MEETING

The first annual general meeting of the stockholders of a Canadian Bank will be that of the Imperial, to be held on November 27, and a meeting of general interest should be the result. The public in general always look to the remarks of the banking heads for an opinion of the general prosperity of the Dominion and the outlook for the immediate future. Imperial's financial statement will be scrutinized closely this year as it will give the first indication of the profitable operations of the Canadian banks for the current year. At a meeting of the directors the regular dividend of \$3 a share plus a bonus of \$1 was declared. This bonus of \$1 has been paid continuously by Imperial at this period of the year since 1922.

Face Covered with Nasty, Mattery Pimples

Mrs. W. Smallpiece, Madawaska, Ont., writes:—When I was about eighteen years of age my face was covered with nasty, mattery pimples. My blood was so bad I used doctor's medicine for some time, but got no benefit. I used three bottles of

BURDOCK BLOOD BITTERS

and the pimples all disappeared so completely that everyone asked me what I had taken, or done.
Manufactured only by The T. M. M. Co., Ltd., Toronto, Ont.

Getting a STRANGLE HOLD on that MORTGAGE

THERE were long, lean years for you—and Mother—before success began to come.

Her hair is grey now—and you are no longer young.

But you dream of leaving a mortgage-free homestead for Bobby, without the hardships you went through.

Yet you realize the Risk—the sleepless mortgage that still grips your broad acres.

It's THAT that wakes you in the night—the haunting fear that even after your long fight (should death come) your family might not be able to lift that mortgage—might lose the farm and make all the accumulated labor,

deprivations, economies and money investments of many years, a vain effort. When you placed that mortgage on the farm did you assure your life for at least a corresponding amount, payable when the loan had to be repaid, or at death?

If you didn't you only added to the anxieties of your widow and family.

Afraid you couldn't pay the premium on the policy? Could your widow pay the interest and maintain the sinking fund on the mortgage?

Don't continue that Risk—cover the mortgage with a life assurance policy that will discharge it—and leave a balance, payable monthly, for current expenses.

See the Sun Life representative. It will entail no obligation on you.

How to Play BRIDGE

Series 1928-29 by
Wynne Ferguson
Author of "PRACTICAL ADVANCED BRIDGE"

ARTICLE No. 32

The proper leads against a suit bid by the opponents, when the partner has not bid, are always difficult. One of the best ways to get an idea of the proper leads in such a case is to study a few type hands that illustrate the important points. Suppose in the following hands, for example, that the dealer has bid one spade and all pass:

Example No. 1. A holds spades, 9, 7, 4; hearts, A, K, 6, 2; diamonds, 6, 5, 3; clubs, Q, 5, 4. B holds the king of hearts, thereby showing to his partner that he holds the ace. He should then carefully observe the cards held by Dummy and the card which his partner, B, plays. If Dummy holds J, 10, 5, 4 and B plays the eight, it is practically certain that B is playing "high-low" in order to show two only of the suit; in which case A should continue with the ace and give his partner a ruff on the third round.

Example No. 2. A holds spades, 9, 7, 4; hearts, Q, 6, 4, 2; diamonds, J, 10, 7, 6, 3; clubs, 6. Here he should lead his singleton club in the hope of trumping the second round of clubs before the trumps are drawn. But if A holds spades, Q, J, 7, 4; hearts, Q, 6, 4, 2; diamonds, J, 10, 7, 6, 3; clubs, 6, he should not lead his singleton club, for it can be of no value to him to win a trick with a ruff. He is holding strength in trumps, and he should lead his jack of diamonds.

Example No. 3. A holds spades, K, 6, 4; hearts, K, Q, 7, 3; diamonds, A, 4, 2; clubs, Q, 6, 3. A should lead the king of hearts, if he were playing against a bid of "One no-trump," he would lead the three of hearts; but against a "One spade" bid he must play the king of hearts in order to make certain, except against a freak distribution, that he has a sure heart trick. His king of spades and ace of diamonds also appear to be trick-winners, and his queen of clubs may be useful, if undisclosed.

Problem No. 35

Hearts—Q, 10, 8, 3
Clubs—6, 2
Diamonds—Q, 8, 5, 3
Spades—9, 5, 4

Hearts—K, 6, 2
Clubs—A, K, 9, 8, 5
Diamonds—A, K, 7, 3
Spades—K, Q, J, 7, 3

No score, rubber game. Z dealt and bid one spade. A bid two diamonds, Y passed and B bid two no-trump. Z bid three clubs, A bid three diamonds and Y and B passed. Z now bid four clubs, A passed, Y bid four spades and B doubled. All passed and A opened the king of diamonds. How should Z play the combined hands so that he will stand the best chance to make his bid? Solution in the next article.

MILLET LOCAL NEWS

Mr. Hubert Roop of Lacombe, was a visitor in town on Sunday last.

Mr. A. P. Mitchell spent a few days in Calgary on business this week.

No man ever pushed himself forward by patting himself on the back.

Mrs. J. B. Christie and Miss Gwen were Edmonton visitors on Saturday.

Mr. and Mrs. H. C. Cooke of Wetaskiwin, were visitors in Millet on Monday.

The U.F.W.A. will hold a meeting at the home of Mrs. V. Norquist on Friday, the 4th inst.

Dr. W. J. and Mrs. Simpson motored to Edmonton on Sunday afternoon and returned on Monday.

Rev. L. R. Macdonald will conduct the services in the United church, Wetaskiwin next Sunday.

Chicken season opened on Tuesday and all the local hunters around town made a hike to the grain fields.

Mrs. H. A. Gray, wife of his Lordship Bishop Gray, of Edmonton, was the guest of Mrs. Henry Brinker over the week-end.

Messrs. Reuben Plant of Lacombe and John Smith of the Imperial Bank staff, Ferintosh, were Sunday visitors in Edmonton.

Mr. Stuart Marsh, who has been with Mr. Harry Phillips during the past summer, is leaving for his home in England this week.

Misses Evelyn and Mabel Beaton, with Mrs. Craddock and tiny Verna, motored from the city and spent last Wednesday with their parents.

Rev. A. L. Elliott, pastor of the United Church in Wetaskiwin, will conduct the services in the United church here on Sunday evening.

A successful sale of several automobiles was held on Saturday afternoon by Auctioneer Mitchell. The cars were brought from Edmonton and sold in quick time.

The ladies of the United church wish to thank all those who so generously aided in the dinner arrangements, the sale of home cooking and afternoon tea on Saturday last.

Mr. and Mrs. C. H. Chapman and their sons Hugh and Robert, motored from Edmonton on Sunday afternoon and were guests of Mrs. Chapman's parents, Dr. W. J. and Mrs. Simpson.

The Women's Institute will hold their October meeting on Wednesday, the 9th, at the home of Mrs. H. E. Harkness. The roll call will be answered by "Something we are thankful for."

A few fine samples of white variety of potatoes were brought in last week by Mr. Walter Wood of Larch Tree. The sample consisted of three potatoes, weighing 6½ pounds, the product of one hill. They were uniform in size and shape and presented a fine appearance.

The Rally Day service in the United Church Sunday school was well attended and much interest was taken by the scholars. Songs and recitations were given and the arranged program was carried through with considerable enthusiasm. The quarterly review of the lessons was taken by 12 members from the different classes and was well carried out. The pastor, Rev. L. R. Macdonald, took charge of the program.

THINK IT OVER!

Character is developed through contact with many people. Talent is developed when you are alone.

Tells Dyspeptics What to Eat

Strict diets are often unnecessary in stomach trouble. While some foods do produce excessive acidity and many stomachs do generate "too much acid" causing gas, sourness, bloating and after-gassing pains, the trouble is no longer upset stomach and indigestion is easy and painless. It will do all this for you or money back. Druggists everywhere sell Bismarck Magnesia with this guarantee.

CRUSHED TO DEATH BETWEEN WAGON

Arthur Dockter, six-year-old step-son of Mr. and Mrs. G. E. Duke of the Millet district, was almost instantly killed Thursday evening when he fell beneath a lumber wagon driven by Carl Jensen, an employee of Duke's near the latter's farm, 12 miles northeast of Millet.

According to information received over long distance telephone from Dr. W. J. Simpson of Millet, the young lad had been climbing on the side of the lumber wagon while it was moving and he slipped, falling beneath the wheels. One of the hind wheels passed over him crushing the right shoulder, his neck and badly fracturing the skull. Death was almost instantaneous, the doctor said.

The fatality was investigated by the Alberta Provincial police Friday and an inquest was deemed unnecessary.

Andrew Brothers of Edmonton have charge of the funeral arrangements and interment will take place in the city on Monday afternoon.—Journal.

Works Hard, Dances, Gains 3 Lbs. a Week

"I work hard, dance and have gained 3 pounds a week since taking Vinol. My nervousness is almost all gone." Mrs. F. Lang.

Vinol is a delicious compound of cod liver peptone, iron, etc. Nervous, easily tired, anemic people are surprised how Vinol gives new pep, sound sleep and a BIG appetite. The very first bottle often adds several pounds weight. Think children or adults. Tastes delicious. Cooke Drug Company.

Keep well above low desires.

Prayer is more than a meal ticket. Anything minus love leaves nothing. How we do counts more than what we do.

To have worth-while friends be worthy of them.

Form your habits wisely for your habits form you.

When your train of thoughts are evil stop the train.

Religion lived with care makes others like to live it.

Keep step with Him who has planned every step of the way.

God bankrupted heaven to buy us a religion which should be the best thing on earth. If your religion is not the best thing you know it is in need of repairs.—Petersboro Examiner.

Use The Times Want Ad. columns.

HILLSIDE

The October meeting of the U. F. W. A. will be held at the home of Mrs. J. O. Harvey on Thursday, the 10th inst.

Messrs. Robinson and Ambrose were Edmonton visitors on Sunday.

Mrs. Bloom, who has been spending the summer with her daughter, Mrs. T. H. Howes, "Willow Farm," left for her home in New York on Tuesday morning.

There was a good attendance at the Rally Day service on Sunday afternoon.

Rev. A. L. Elliott of Wetaskiwin, will take the service in the school house on Sunday afternoon.

HILLSIDE U.F.A. NEWS

The next meeting of the Hillside U.F.A. will be held at the home of H. G. Young, Friday evening, October 11. At the September meeting it was decided that at the next meeting a discussion of the Farm Loan Act now in operation in Alberta should be held. Arrangements were made to get the fullest possible information on the subject. An interesting time is expected, and all are welcome.

PUBLIC HEALTH CLINIC

A very successful session of the travelling clinic of the Department of Public Health was carried through at Millet on Thursday and Friday, Sept. 26 and 27, the three rooms of the school being used for the purpose. The intermediate room was used as a hospital ward, the primary as dental clinic and rest room, where several ladies served refreshments to those bringing patients or in attendance otherwise. The High school room served as operating room.

Thursday was given over to examination of patients, 153 being examined in the general clinic and 139 in the dental. On Friday 34 patients were operated on under anaesthetic, while 26 were treated by the dentists. Doctors Washburn, Margaret Owen and W. J. Simpson of Millet, were in attendance in the operating room, and Doctors Gilchrist and Haycock in the dental clinic. Four graduate nurses, the Misses Matheson, Davidson, McLeod and Young were in charge in their several capacities, and Messrs. A. Murray and H. Young were very efficient orderlies throughout the day.

The Clinic Committee desire to thank all those who generously helped with their services in making the Clinic a success, especially those who supplied bedding and other utensils which were necessary. Also those who helped care for the patients and served the lunch.

The Committee would also like to voice their appreciation of the courtesy and splendid efficiency with which each member of the Clinic performed their various duties.

CHECKING UP ON HISTORY

You know the tale of King Canute Accepted still without dispute, Who sat beside The rising tide And bade it not to wet him.

But still the wavelets rose and rose Until they lapped the monarch's toes And by and by Came up so high That one of them upset him.

But I am sure this royal gent Was trying an experiment With courtiers who know it is in need of repairs.—Petersboro Examiner.

I know that history does not state What was these crafty courtiers' fate. But when the king Had had his fling At enquiring their sincerity, I'm certain that the following day He dragged the bunch scared ashy grey Into his hall And had them all Beheaded with celerity.

A nearsighted man accompanied his wife to a portrait gallery. "That's the ugliest portrait I've ever seen!" he cried, striving vainly for a better view of the abomination. "Come away, you silly!" replied his wife. "That's a mirror!"

He has served who now and then, has helped along his fellow men.

Could not Eat or Sleep after Husband's Death

Her husband's death left her very run down in health, unable to eat or sleep much. Now she is brighter in spirits and eats and sleeps well. What caused the difference? Let her answer in her own words.

"I think Kruschen Salts are a splendid tonic. After my husband's death in December last I became very run down in health. I had terrible fits of depression and was unable to eat or sleep much. I was also troubled with rheumatism. I decided to take Kruschen Salts and have now taken the little daily dose for nearly two months, during which time my health has greatly improved. The rheumatism has completely left me. I am much brighter in spirit and both eat and sleep well."

When life begins to "get you down," when you begin to feel the results of modern artificial conditions—errors of diet, worry, overwork, lack of exercise—then you should turn to Kruschen Salts. They possess a wonderful power of giving new life and vitality to the countless millions of cells of which the human body is composed. The way to keep smiling is to take Kruschen Salts every morning—just a pinch in your morning cup of coffee or tea.

DIVIDENDS FROM THE FARM

A GOOD farm, representing invested years of effort tilling the soil, should pay dividends. And it will—to the farmer who is a keen business man.

The dividend is the earnings over and above wages for the farmer's work. Too many farms fail to earn even these wages.

The right Banking connection will prove invaluable to the farmer who plans for dividends. He should discuss his business freely with the Bank Manager.

The Manager at any Branch of the Bank will give you painstaking advice and dependable service.

IMPERIAL BANK OF CANADA

WETASKIWIN BRANCH—H. W. WRIGHT, Manager
Branches also at Millet, Ferintosh and New Norway.

On Thursday a serious accident befell Emil Paulson, of the Ferrybank district, while engaged in threshing operations on the farm of Ivor Masling of Hazel Hill. While no one actually saw the accident happen, it is supposed that Mr. Paulson had been oiling or cleaning around the separator pulley, and that his arm had been caught by the drive belt, with the result that he sustained a broken arm and head injuries.—Ponoka Herald.

Grist Your Wheat at The Wetaskiwin Flour Mill

To get the most for a few bushels of this year's good wheat have it made into flour

Ten bushels of wheat will make four hundred pounds of flour and about two hundred pounds of bran, shorts and feed flour. We charge only thirty cents a bushel for milling, therefore it pays to grist your wheat.

Mr. GEORGE FELSEY is now in charge of our mill and we can guarantee excellent flour.

Sunday, October 6—

2 p.m., Sunday school

3 p.m., Service. Special numbers by the male choir. Sermon: "The Hope of the World."

Weather prophets are now in the throes of predicting the kind of winter this province will have this winter. One says that the winter is going to set in early this year and last a long time. He may be wrong about the early part, but if it does come early it will last a long, long time. Then again if the winter sets in late it presages an early break-up with a cold and dismal spring. If you recall your experiences you will find that this is quite a correct statement. Nevertheless it is safe to say

there is going to be some cold weather, long winter or no long winter.

You would not be ashamed of your stationery if it had been printed at The Times office.
